Job Overview

Reporting to the Director, Construction, as the **Project Manager** you will oversee all aspects of construction projects. You also effectively manage resources and processes to ensure projects are completed within budgets and timelines as well as in accordance with Qualico's quality standard.

Your day-to-day responsibilities will include:

- Preparing and monitoring project designs, schedules, budgets and contracts to ensure accuracy of information and adjust when necessary to keep projects on track.
- Reviewing and authorizing invoices and/or purchase orders. Preparing monthly project construction Cost-to-Complete reports for review.
- Fostering positive relationships with subcontractors/suppliers while ensuring receipt of goods/services are according to contract terms and conditions.
- Coordinating and administering legal survey registration. Scheduling and participating in site inspection tours with city officials.
- Managing the coordination, administration and installation of preliminary civil designs, offsite improvements, utilities, subgrade preparation, and finished surfaces.
- Collaborating with project consultants to develop working drawings and detailed designs. Administering design changes where required and ensuring proper supporting documentation.
- Coordinating shop drawing sign-offs and integration between trades.
- Reviewing Request for Information and collaborating with consultants to effectively instruct trades to ensure all noted issues are resolved.
- Reviewing building permit and construction drawings to analyze project constructability while identifying opportunities for value engineering. Scrutinizing in-progress projects to identify and rectify design deficiencies or problems.
- Promoting safe work environment to ensure compliance with Qualico's Safety Program and relevant safety regulations.

As our ideal candidate, you are...

- A strong communicator; you clearly express your thoughts in conversation as well as write and present in a persuasive and influencing manner.
- An active listener; you seek to understand and listen to others in a non-judgmental way.
- A creative problem solver; you think outside the box for solutions without fear of failure.
- A leader; you attract, retain, develop or improve the skills of others through effective coaching and guidance.

Essential Requirements:

- Degree or Diploma in Commerce, Construction, or equivalent.
- Minimum 3 years of project management experience in the construction industry.
- Valid driver's licence and access to a reliable vehicle.
- Satisfactory verification of criminal record check.
- Proficient in Microsoft Office programs (Outlook, Word, Excel, Teams, SharePoint and PowerPoint).

What We Value
